SAMPLE MOCK UP ROOM

RECOMMENDATION:

On projects which have a large number of similar rooms, such as hotels, a "Mock Up" sample room should be provided as guide for acceptable finishes.

COMMENTS:

The purpose of the sample room is to help make clear what the architect considers acceptable quality. If possible, it should be located on the job site and, when practical, be a final room.

Rev. 02/04

End of JCR-CD-13

This recommendation, while not mandatory, is the diligent work of a committee which is drawn from a cross section of the construction industry represented by architects and general contractors. The committee presents this recommendation with the expectation that it will be adhered to voluntarily.
